EVENTS

ICA

Tucked away inside the Institute of Contemporary Arts, are the Nash and Brandon Rooms, one of the best kept secrets in town; and the perfect place for festive and seasonal entertaining.

On the first floor of the ICA, these beautiful Grade I listed rooms hold original cornicing and historic features by iconic London architect John Nash. Both rooms open to reveal a small ante room joining the two together. These rooms are all accessed via a grand staircase and have their own private entrance.

With their three private balconies the rooms have spectacular views of the Mall, Big Ben and the London Eye, perfect for sipping champagne whilst taking in the iconic London sites of Big Ben, Westminster and the London Eye.
